

Secure The Perimeter Worksheet

My total of all monthly expenses: \$ _____

My Perimeter target (above # times 6): \$ _____

Revolver Fund (1 x monthly): \$ _____

COP Fund (5 x monthly): \$ _____

Initial Surplus: \$ _____

Build out your projected path here. Circle the Balance when the Revolver target is hit. Securing the Perimeter almost never takes as long as you would think. What it takes is focus, and discipline. What it gives back is Financial Dominance in the making!

Reality Check: Setting your course will keep you advancing, even if the perimeter takes a hit. When it does, rebuild and don't get discouraged – you just dodged a bullet of more costly debt - Hooah!
